

Birds

Requirements

1. Name five birds you see around your home.
2. Name your state bird.
3. Name three kinds of bird food (Black Oil Sunflower seeds, thistle, corn, mixed seeds, striped sunflower seeds).
4. Draw a picture of a bird, then use a mixture of bird seeds to fill it in.
5. Make a pinecone bird feeder and hang it in your yard. Tell how many birds come to feed from it.
6. Name two birds mentioned in the Bible (eagle, dove, sparrow, raven).
7. Know two bird sounds and pretend you are that bird.

Supporting Answers

1. Here is a link to find common birds in your area. Once you get to the page click on the RED button near the bottom of the page.

This will allow you to make a list of 5 birds from the region you live in the USA.

<http://feederwatch.org/learn/common-feeder-birds>

This site will allow you to find lists from regions all over the world. The lists are in English.

It is a good idea to print off or show pictures of the birds on your local list so that the Early Birds can start to recognize the birds from the list in their home environments.

Teaching Idea: Art Gallery Walk

Materials: printed pictures of different birds in your local area (Creative Commons free images may be available at sites like flickr.com)

Directions: Print the images full page. Post them on the walls around your meeting area. Put on bird sounds or a bird themed soundtrack. Have children and their parents or small groups go and look at each picture. Have them identify color of feathers, color of beak, size (little, medium, big). Have small versions of each bird picture available for Early Birds and parents to collect for the page in their activity book.

2. Name the official bird of your region, province, state, or nation.

This is a link to a list of National Birds

https://en.wikipedia.org/wiki/List_of_national_birds

3. Types of Bird Food

- Sunflower Seeds (black oil is preferred)
- Cracked Corn
- Fruit
- Mealworms
- Millet
- Nyjer
